As been publicized, by our 7th of March statement labeled B.10.0.IEG.0.13.00.14-312-07-01-016612, except for the meetings that are certified to be held in different countries every year, it is not accepted by our ministration to held scientific meetings in Ski Resorts between 1st of November and 31st of March, and in Seaside Resorts between the 1st of June and 31st of August. Even if they are multinational, meetings that are held every year at the dates stated above will be considered in the same line and will not be accepted.

However, taking into account that there might be obstacles for the meetings that are planned previously, scientific meetings that have been planned to be held at these dates will be given permission for 6 months starting from the date of this statement.

This statement is strongly advised to be communicated to your members.
